

Regina Minor Football 2000 Inc.

Coaches Certification

Each Winter/Spring, RMF provides coaches certification clinics through the National Coaches Certification Program for coaches who would like to pursue formal development in their coaching. This certification is especially important if you are interested in coaching a higher-level program like Team Saskatchewan (U16 or U18).

Note: In order to be granted permission to have a youth assistant coach, the youth coach must be under the supervision of an NCCP certified mentor coach (either the head coach or the coordinator in charge of the youth coach's position group) – minimum Introduction to Competition – Position Coach certification

Clinic dates will be set in the new year and posted by RMF and Football Sask. Contact RMF rmf@reginaminorfootball.ca if you are interested in working toward certification.
