General Info:

Safe Contact is a Football Canada program that is mandated for coaches across the country, and provides a great foundation of coaching knowledge, skill, and positive approach toward tackle football.

The course is approximately 8 hours. The first part is in the classroom, and the last part is active on-field.

For the all-day Saturday clinic, a sub lunch will be provided.

Please arrive early so that attendance can be taken before the scheduled start time.

- bring a pen and paper
- dress for activity: runners, athletic clothing (no sandals, flip flops, etc.)
- consider a hat, sunscreen, and bug spray for the on-field portion

All 2023 RMF Coaches must be Safe Contact trained.
